- Edge Cabernet, *Alexander Valley* 52

Denominazione di Origine Controllata e Garantita (DOCG): The wine producers followed the strictest regulations possible to make that wine.

Denominazione di Origine Controllata (DOC): The rules governing quality and authenticity are still very strict, but they're a little more generous than those for DOCG status.

Indicazione Geografica Tipica (IGT): Accommodate growers who couldn't meet all the DOC or DOCG regulations for one reason or another, but were still producing great wines.
